

KAIROS

PLANET

**OUR OBJECTIVE IS TO BUILD A GLOBAL
DISTRIBUTED COMPUTING SYSTEM**

In the Future – every second PC in the world makes part
of the KAIROS Planet Global Distributed Computing System

Distributed computing networks and network computing technologies are used for:

**Extensive research
in various fields
of activity**

**Economic forecasts
& exchange trades**

**Various types
of analysis,
development
and study of new
product performance**

WE EMPLOY A SPECIAL AFFILIATE
PROGRAMME TO MOBILIZE RESOURCES

A general processing power is achieved by using resources of a great number of computers.

WE RENT THE COMPUTING POWER OF YOUR PC

This requires:

**availability of free
disk space**

**installation of special
software on your PC**

**staying online
for 10 hours a day**

BY BECOMING PART OF A GLOBAL PROJECT YOU GET:

RENTAL INCOME

opportunity to make
profit out of free
resources of your PC

REFERRAL INCOME

opportunity to get
income by mobilizing
participants
to Extended Affiliate
Marketing Program

**FREE OF CHARGE
SERVICES & PRODUCTS**

opportunity to use
unique high-end
KAIROS Planet
products as a bonus

INCOME FROM LEASING COMPUTING POWER OF YOUR PC

The size of income will depend on the size of the free disk space that you provide
